MEMORANDUM FOR

The Honorable Allen Dulles  
Director of Central Intelligence

The President asked me to advise you that the reference to "satellite reconnaissance" in his memorandum of August 26, 1960 to you and other addressees referred to covert reconnaissance by satellite. It does not pertain to the SAMOS project, for which separate procedures must be developed and instituted.

A. J. Goodpaster  
Brigadier General, USA  
Staff Secretary
